Yes, I've been using a Retina MacBook Pro 13' (early 15) and 15' (mid 15) and just picked up the xps 13 9350 with iris pro.. There are definitely some quality control issues but once you get a working model with no faults (I had one that wouldn't reboot and had terrible coil whine, one that had loose trackpad and yellow tint on screen but this could also be because of Amazon's shitty packaging where the laptop was in a box with only some brown paper crumpled in) - atleast they took them back no questions asked..
